

**INEN 495 Project Presentation Evaluation
Fall 2006**

Company: _____

Team Members: (1) _____ (2) _____ (3) _____ (4) _____ (5) _____

Rated by (circle one): **Faculty Member** **Company Representative**

Indicate the degree to which you feel this team adequately demonstrated each of the following objectives in their project presentation.

Related ISE Program Outcome	Objective	NA = Not Applicable 1 = Inadequate 2 = Somewhat inadequate 3 = Adequate 4 = More than adequate
5	Planned and collected data from a variety of sources	
6	Summarized and interpreted data	
7	Formulated and solved engineering problems	
	Employed industrial engineering tools/techniques	
	Developed and evaluated alternative solutions	
8	Designed or improved integrated systems consisting of people, materials, information, equipment and energy	
	Evaluated environmental impact of design	
	Evaluated sustainability, manufacturability and reliability of design	
	Provided economic justification for design	
	Evaluated potential health and safety impact of design	
10	Employed project management skills	
11	Gained industrial experience	
12	Evaluated ethical, social, legal and political impact of design	
16	Worked effectively as a team	
17	Communicated effectively graphically	
	Communicated effectively orally: Team Member 1	
	Communicated effectively orally: Team Member 2	
	Communicated effectively orally: Team Member 3	
	Communicated effectively orally: Team Member 4	
	Communicated effectively orally: Team Member 5	
	Listened carefully to questions and responded appropriately: Team Member 1	
	Listened carefully to questions and responded appropriately: Team Member 2	
	Listened carefully to questions and responded appropriately: Team Member 3	
	Listened carefully to questions and responded appropriately: Team Member 4	
Listened carefully to questions and responded appropriately: Team Member 5
